Dura Slope™ Radius Coupling

NDS EXCLUSIVE

**The Only Plastic Product
Offering a Radius at Every Depth**

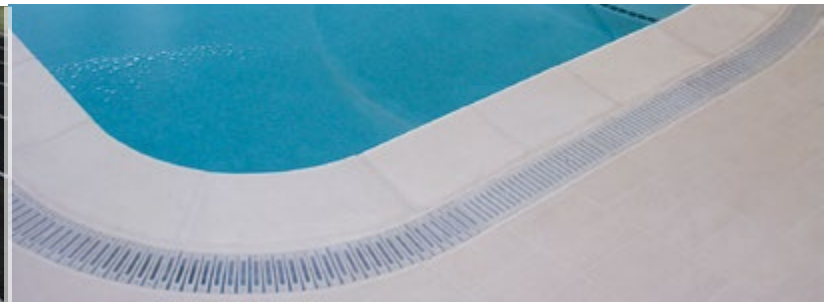

Design Flexibility for Bends & Curves

- 5.00° radius turn per piece – works with every Dura Slope™ channel depth
- Ideal for all curved applications
- Can be used to accommodate expansion and contraction

Durable & Easy to Install

- Heavy-duty HDPE material
- Snaps into place, no special tools required
- Includes pre-installed grate

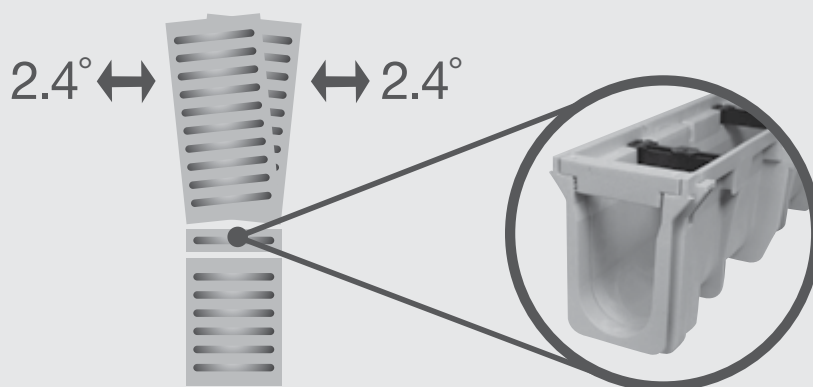

Dura Slope™ Radius Coupling. An ideal solution for curved applications, like running tracks, pools, spas and fountains. Compatible with all Dura Slope™ channels, Dura Slope™ Radius Coupling is the first plastic product that can provide a true radius at every depth, and can also compensate for excess expansion.
