Dare to Compare!

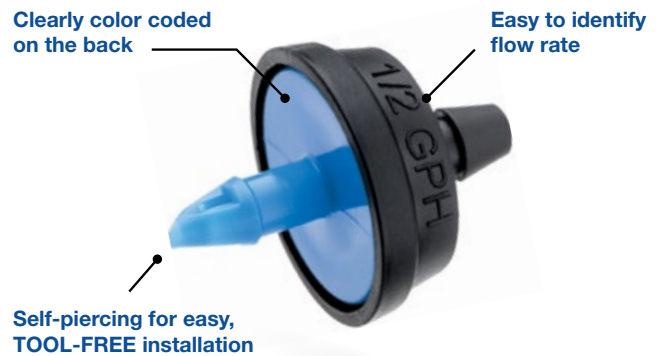

The Most Accurate Point Source Emitter

In side-by-side comparisons, NDS AccuFlow™ Pressure Compensating Emitters are more consistent in performance compared to the average competition!

Specifications

- 4 flow rates: 1/2, 1, 2, 5-gph (coming soon)
- Color coded and clearly marked to identify flow rates
- UV resistant
- Pressure: 15 to 50 psi
- Required filtration: 150 to 200 mesh
- Self-piercing design
- Outlet barb accepts: .170 – .220 ID tubing

Part No.	Flow Rate	Color	Bag Qty.
AFPC 5	1/2 GPH	Blue	100
AFPC 10	1 GPH	Black	100
AFPC 20	2 GPH	Red	100
AFPC 5/25	1/2 GPH	Blue	25
AFPC 10/25	1 GPH	Black	25
AFPC 20/25	2 GPH	Red	25

Accessories for every application

Hole Punch
Ideal for large installations

1/4" Tubing in Bucket (1000')

T250, C250, EL250 Fittings

Goof Plugs

PRO TIP

Turn a riser into a 2 in 1:
Use 1/4" tubing for potted plants then add RA250 Extension Adapters to attach bubblers or sprayers
