NDS SureFit™ Round Universal Lids

If you've ever had to find a replacement lid for a round valve box, you know it's not easy. Different brands design their boxes with different dimensions, so a lid that works for one brand may not fit another. NDS SureFit™ Universal Lids are engineered to fit valve round boxes from a variety of manufacturers. Now it is easier to replace broken, missing, or misshapen lids with a proper fit. The SureFit™ Universal Lid is available in two sizes: one size fits 6 in. and 7 in. round valve boxes and the other size fits 10 in. round valve boxes.
