Replacing Valve Box Lids Just Got Easier

If you've ever had to find a replacement lid for a round valve box, you know it's not easy. Different brands design their boxes with different dimensions, so a lid that works for one brand may not fit another. Why waste time digging up valve boxes trying to find the covers?

Save time and money with SureFit Universal Lids.

SureFit™ Universal Valve Box Lid with SnapLock Technology

Fits More Valve Boxes Than Any Other Brand

Stop wasting valuable time browsing for the right valve box cover. The SureFit Universal Lid is available in two versatile sizes, which together can fit virtually any kind of valve box on the market with a secure, confident fit you can count on.
